

We are so pleased to say that from  
Monday 15<sup>th</sup> June we can re-open!  
New Shop Hours: Monday to Friday, 9am to 12.30pm

★ Flower Ordering;

We will have fresh flowers in the shop to buy by the stem and pre-made bunches ready to take away. There will be a selection of plants as usual.

If you would like a bouquet it would really help us if you could pre-order, before 12noon for next day collection (or more notice if possible!)

Obviously we'll be in the shop every morning if you'd like to call us, or you can continue to use the contact form on the website.

★ Contactless Collection now available;

If you would like to collect flowers, but do not wish to enter the shop we can take your order and payment in advance and leave the flowers in our collection box outside the shop.

★ Deliveries can still be made in the Chew Valley. Normal terms will now apply (£20 minimum order and £5 delivery charge).

★ We have put the following measures in place to keep us all safe;

Hand sanitiser on entry

One way system around the shop

New shop layout, with clear area near the till

Numbers limited to 2 people at any one time, maintaining 2 metre distance

Contactless payments

Safety screen in place on counter to shield staff and customers

Contactless collection available

Cleaning of all touch surfaces between customers

We can't wait to welcome you all back to the shop and begin to get back to something like normal!

Thank you so much to everyone who has ordered during the lockdown period and sent us messages of support and encouragement! See you all soon,

Charlotte & Kay x
